“ I met Landon while working at Broadmore. He was special indeed. He always spoke and had a smile. I was so saddened to see this, but I am in awe that he is in heaven with our heavenly Father and singing with the angles. My thoughts and prayers go out to you, his family. Just know he touched so many hearts.

“ I was so sorry to see this. I just saw him last month at Elmcroft where I sang there for them. He was a sweet person just like his cousin Lucinda, who also left this earth too soon. I grew up with her at First Christian Church.
